

I would like to thank the board of directors and all our volunteers that have helped keep the club up and running throughout the year without all your help I think we would have struggled in keeping the doors open.

We have reached the end of a very hard year for our little club, both on and off the course. We have however come out with a positive new approach to running not only the club but the ongoing struggles keeping our greens in tip top shape.

Dave Parsons along with the help of our Volunteers have done a great job over the year maintaining the course. Corinne Cooper and Les Gibbs have done an amazing job in adding some wonderful colour to the gardens.

The Match Committee have been quite busy over the year organising some fantastic days and competitions out on the course. Dave Knox has been busy coaching all the juniors on Saturday afternoons.

Lanie Dolezal and her staff have been cooking up a storm in the bistro keeping all our members and guest well fed.

A massive thank you to all our Sponsors large or small your valuable pledges over the past year have helped us in keeping the club open, you are all a major part of the development of the future in our clubs operation.

Lastly to all the valuable members and guest who have supported the club i thank you all very much. I believe the club has now reached a point of better financial times and with your support this will continue.

Let's all work together to keep the oldest course on the Macleay alive and well.

Sincerely Yours  
Sue Webster (President)
